## **RABQSA Certified ISO 14001:2004 Lead Auditor Course**

*Train with the best — IAPMO R&T Registration Services*

(Course No.: 99017)

### Course Overview:

This intensive four-day training course will provide the participants with the tools needed to be a top notch Environmental Management System auditor. This course is competency based and is setup in modules which can be taken separately allowing time flexibility. Please call us at 1-877-4-MY-ISO-1 or e-mail us at [isoinfo@iapmort.org](mailto:isoinfo@iapmort.org) to learn more on how this competency based training works and how it can save you money.

The objectives of the course are as follows:

- Understand the elements for an environmental management system
- Understand the requirements of the ISO 14001:2004 standard
- Understand the auditing requirements per ISO 19011
- Gain knowledge and skills to perform every phase of the audit process (pre-audit activities, assessment activities, post audit activities, and follow up activities)
- How to apply for RABQSA Auditor Certification

Successful Completion satisfies the attainment requirements for that specific module(s) and can be used to apply for auditor status. This course is certified by RABQSA and is presented in partnership with River Systems (the certified course provider).
