TRAINING COURSE SCHEDULE

RABQSA Certified ISO 9001, 14001 & 18001 Lead Auditor (Course No.: 99001)

This five day course covers the three most popular ISO standards as well as auditing and reporting techniques. Discussions include the adoption of a system that combines all of the requirements into one management system. This course is competency based and is setup in modules which can be taken separately allowing time flexibility. Participants will learn every phase of the audit process in order to lead their own audit teams to success. Solo and group activities reveal team dynamics and promote leadership skills. Leadership skills, interviewing techniques, objectiveness and diplomacy finesse are all reinforced in the learning process. The student will have actually performed a full audit cycle from planning to reporting results. Trainees will gain knowledge of the ISO 9001:2008 standard and satisfy the training requirements for ISO 9001, 14001 and 18001 Lead Auditor Certification. This course is certified by RABQSA and is presented in partnership with River Systems (the certified course provider).
